2 of 2 review helpful A very interesting read By mmthrax I really enjoyed this book He recounts his interesting life in a very matter of fact way He doesn't seem puffed up at all If he won he says he demolished so and so if he lost he says that so and so wiped the floor with him I find that attitude from a champion refreshing A really good read Blasted right through it Enjoyable 4 of 4 review helpful Steve Davis was just a rookie from Plumstead south London learning how to play from an old book his snooker obsessed father had given him when an encounter with Barry Hearn changed his life forever With his backing Steve began touring the country in a clapped out car as an amateur Challenging established professionals and winning titles supported by his loyal following the Romford Roar it wasn't long before he progressed to the world's stage By About the Author Steve Davis has won more professional snooker titles than any other player including a huge total of 28 ranking events and 53 non ranking He was the No 1 player in the 1980s and his most significant wins include six world champion
