0 of 0 review helpful Fascinating By Howard Lazzarini Seve Ballesteros died before he could entertain us with making more impossible shots from untenable lies A shame But at least we have this book to point us towards better shotmaking from difficult situations Thank you Seve 0 of 0 review helpful Seve is spectacular and fantastic a must have book on Golf By Dennis Ande Blessed with perhaps the most natural talent for golf since Sam Snead Seve

Ballesteros burst onto the international scene when aged 19 he led the 1978 British Open into the final round before eventually finishing runner up. Since then his great achievements winning five major championships and more than seventy tournaments worldwide have been marked by a dazzling array of shot making and crowd pleasing skills. As though not content to win the game Few golfers have played with the flair and creativity of Spain's torero of the links Seve Ballesteros. This beautifully illustrated contribution to Broadway Books's Golf Masters series unlocks the secrets to escaping from the various hells behind trees.
