By Donald Steel : The Open: Golf's Oldest Major the united states open championship commonly known as the us open is the annual open national championship of golf in the united states it is the second of the the 1986 us open was the 86th us open held june 12 15 at shinnecock hills golf club in shinnecock hills new york raymond floyd won his fourth and final major The Open: Golf's Oldest Major:

2 of 4 review helpful A picture book not a text By P Duffy I purchased the book on spec over the internet through and given that the author is Donald Steel had assumed it would be much more than a picture book Great pictures and photographs but very little to actually tell the story of THE OPEN I am attending St Andrews this July and had hoped to read something new Very disappointing A celebration of the venerable tournament and hallowed links in Scotland

that gave birth to the sport Published to coincide with the 150th Open Championship at St Andrews in 2010 The Open captures the unique experience of playing the courses that have made the championship rsquo s Claret Jug the sport rsquo s most coveted trophy Set into the spectacular British coastline from St Andrews in Scotland to St George rsquo s in Kent the fourteen courses About the Author Donald Steel is uniquely qualified as an observer of The Open nbsp He was a participant in one 1970 covered 32 in succession for the Sunday Telegraph or Country Life and in the role of golf course architect has worked
