## Golfing Self: Prepare Your Mind to Play Your Best:

0 of 0 review helpful The Ultimate Golf Tool By zwoman This book is right on point I read several pages from the The Look Inside feature and just knew that this was the right book for me I have read other books on golf but most of them have addressed golf from a technical pt of view with very little detail on the mental aspect of the game The detailed mental aspect of the game was what I was missing The other books The mental game of golf boils down to solving three problems seeing the course clearly choosing the right shot and the right club and executing the shot with confidence Most recreational golfers lose up to three strokes per side because of mental lapses in these areas Part I of The Golfing Self shows you how using proven methods of mental development to acquire the strength of mind to maintain your mental focus throughout the round and thereby get the mo
