0 of 0 review helpful Simple Easy to understand Logical Great idea for the avid golfer to read By Mike Jack makes what has become an complex set of swing thoughts and body position and who knows what else easy to understand Above all it s all logical 1 of 1 review helpful Tips for the masses that stick By mbalzer33 In all honesty only the second golf book out of t There is little doubt that most average golfers have too many swing thoughts swirling around in their heads when preparing to hit a golf ball Our natural desire to analyze dissect and try to improve on everything

we do and often overthink something which should be natural has resulted in much golf instruction being just too complicated Having a mental picture of a good golf swing as a swinging motion from start to finish is a positive thought but trying to break About the Author Jack Gibson had been in the golf business for over thirty years when he moved to Los Cabos Mexico to be the Director of Instruction at Cabo del Sol It was here that he discovered that the old body focused instruction he had been using his en
