1 of 1 review helpful After you know a bit about this sport you will benefit from this book tremendously Worth it By L J H This book really helped me once I read most of the Ben Hogan book and the 2 little pink beginning golf books for female Noobies Once I knew enough to confuse myself in other words It gets you to focus on hitting the ball instead of thinking about the 10 things you are trying to remember New Revised Edition of this Amazon Best Seller From the Author I hope you enjoy the revised edition of the Sweet Spot nbsp The original version was an Best Seller and now I have added over one third more content tips helpful hints and added more images to help you improve even faster
