By Philip Moore : The Mad Science of Golf: On moving past golf industry hype and learning to play better golf

even if you seek distance it might be true june 16 2009 there is a good chance that your golf clubs are too long over the past twenty years golf club so who did it who created this fake donald trump time magazine cover and managed to put it in several trump golf clubs we need to know if you have any clues let The Mad Science of Golf: On moving past golf industry hype and learning to play better golf:

2 of 2 review helpful This is a great book for any golfer By Eagle Vision There are so many clubs on the market and it gets hard to distinguish fact from fallacy The book is divided equally between equipment and technique The author's background is as a custom clubmaker With regard to equipment he covers what is truly important in your equipment and interesting facts about improvements in technology The The Mad Science of Golf is a one of a kind book that explains how golfers have been permanently sidetracked by the high tech hype of the golf industry Through a series of questions and answers the book will literally reprogram your thinking and give you an entirely new perspective on golf the golf industry and the process of improvement The book clearly answers the questions that golfers should have been asking a long time ago On Golf Clubs Can anything else that About the Author Philip Moore has been an avid golfer for over 40 years He is a certified member of the Professional Clubmakers Society and a professional member of the Golf Clubmakers Association He owns and operates Phil's Custom Clubmaking in Riverside Calif
