0 of 1 review helpful One of the better TRs still pretty crappy By Wellspring This like the other TRs is essentially a catalog for the miniatures line Once you ve baked the BattleSpace rules into a spreadsheet you can crank out a few dozen spaceships in about 20 minutes Add some cheap and cheesy black and white vector art and a few dozen paragraphs of mediocre text and you have your supplement I m not The BattleTech Technical Readout 3057 contains descriptions illustrations and full BattleSpace statistics for the latest Inner Sphere and Clan DropShips JumpShips WarShips small craft aerospace fighters OmniFighters and conventional aircraft BattleSpace rules clarifications and record sheets are also included
