**By Walter Tevis : The Color of Money** create your custom crayola product in just minutes visit the crayola my way factory to get started now tip the crayon will guide you through each simple step how to make money the secret to making money isnt working at a high paying job its finding creative solutions to peoples problems and it doesnt take a fancy The Color of Money:

1 of 1 review helpful Honest interesting and refreshing By Raftice Freq Flyer This book is an interesting character study of a middle aged man coming to grips with who he is and who he wants to be I usually avoid books that can be described and a story of redemption But this story is done so well with great honesty and without pretense or being overly romanticized Many of us make it to middle age without really e After 20 years of hibernation former pool champion Fast Eddie Felson is playing exhibition matches with former rival Minnesota Fats in shopping malls for prizes like cable television With one failed marriage and years of running a pool hall Eddie is now ready to regain the skills needed to compete in a world of pool that has changed dramatically since he left it behind The real challenge comes when Eddie realizes that in order to compete successfully he must The writing here is taut and evocative Tevis is unequaled when it comes to creating and sustaining the tension of a high stakes game Even readers who have never lifted a cue will be captivated A great read entertainment of a high order Tevi
