4 of 4 review helpful Excellent book for life managment not limited to billiards at all in my humble opinion By Bruce J Kolinski Bought this book on a compulsive whim while obsessing about billiards Holy crap Tarzan This little book is changing my life for the better This fine piece of work has taught me that to manage endless compulsions which become obsessive at about three times the speed of light all I n A psychotherapist and pool columnist breaks new ground by applying good science to the mental game of billiards and gives invaluable insight on competitive play Nothing better has ever been done on pool s mental game George Fels Billiards Digest
