0 of 0 review helpful Five Stars By Customer I love it 0 of 0 review helpful One Star By bill henry this book wasn't that good not worth the money 1 of 1 review helpful A review by Dr Donna Rush ARNP CS By DR DONNA RUSH NP CS This is an excellent book about the art of pool and the psychological techniques used in it. I try to use a scientific approach to the game of pool and the scientific approach is basically what this book is about. It does have some theory. I am dedicating this book to Willy Masconi Willy Hoppi and Danny diLeberto Billiards Digest and to so many people who influenced me throughout the years. The dedication to this book goes out to basically all that have contributed throughout the years to a great sport. My hat goes off to these people that have made the game. About the Author I am the author Bobby Yates. I wrote this book basically about you. I'll tell you a bit about myself but the book is about you because I want you to be able to find your game and that is what everyone tries to do find their own game style.
