Golfer:

0 of 0 review helpful Surprisingly entertaining By Customer Sam Snead describes himself as a hayseed hillbilly who made it on the PGA tour and he convinced me beyond a doubt that was both a success in life and that as a young man he was a proverbial southern hillbilly from mountains of western Virginia In this first person account he tells his story I bought the book because I enjoy reading about golf love autobiogr The Education of a Golfer first published in 1962 is the fascinating story of legendary golf pro Sam Snead s rise from a poor boy growing up in rural Virginia to become one of the all time golf greats Interspersed with golf pointers and illustrations the book details Snead s many tournaments the psychology of winning and how to become a better player
