0 of 0 review helpful The Father s Day Gift I Had to Read First By Nate Breland What a wonderful little book From cover to cover slick and elegant Although dense with challenging allusions and associations you can make it as quick

or as slow a read as you like I'm now interested in the other volumes in the Object Lessons series 0 of 0 review helpful Brilliant By Robert Object Lessons is a series of short beautifully designed books about the hidden lives of ordinary things Harry Brown explores the composition history kinetic life and the long deterioration of golf balls which as it turns out may outlive their hitters by a thousand years in places far beyond our reach Golf balls embody our efforts to impose our will on the land whether the local golf course or the Moon but their unpredictable spin bounce and roll Golf Ball is a funny smart and charming meditation on an unlikely subject Who knew that the story of this humble little white sphere could tell us so much about our history and culture Brown weaves cultural history literary criticism physics
