4 of 4 review helpful Wonderful book on the life of Old Tom By Lyle Slovick David Malcolm and Peter Crabtree offer new insights into the life of Old Tom Morris that fill in gaps left by Tulloch's 1908 biography and elaborate on subjects introduced in Kevin Cook's *Tommy's Honor*. As with other works the authors cover the great challenge matches Old Tom played and give new insight into the great Willie Park. Beyond that This is the first biography in over 100 years of the great Tom Morris of St Andrews who presided over one of the most illustrious periods in the history of golf who more than anyone before or since in any game stamped his individual character upon his sport and how in large measure made golf what it is today. Born in a humble weaver's cottage in St Andrews in 1821 by the time of his death in 1908 he had become a figure of international renown. When he was buried About the Author David Malcolm was born and raised in St Andrews. He is a past Captain and Life Member of The New Golf Club St Andrews. A graduate of Edinburgh University he was a research geneticist in the USA and Europe before returning to work in St Andrews.
